Thu Duc District, Ho Chi Minh City

CAREER OBJECTIVE

Find internship opportunities in the field of information technology to apply and develop programming, problem solving and teamwork skills.

Through the internship process, I hope to accumulate more practical experience, better understand the working environment in the business, and thereby determine the career development direction that is right for me.

SKILLS

TECHNICAL SKILLS

- Programming Language: C#, Java, JavaScript, PHP, HTML, CSS
- Database: SQL Server, MySQL
- Framework: Bootstrap, Laravel, Next.js

SOFT SKILLS

- Problem solving
- Teamwork
- Clear communication and listening

LANGUAGES

English skill (basic): read and understand language documentary fluently

WORK EXPERIENCE

Personal project

(March 2024 - May 2024)

Front - End Web:

Website development using Next.js frameworks

Project functions: Display product list, search for products, view details of a product, and paginate product lists. Additionally, there are some other effects.

Project stack: Next.js, TypeScript, CSS, JS

Demo/project link:

<https://github.com/NgThanhHung04/Next.js.git>

Team projects

(February 2024 - May 2024)

Back - End Web:

Develop a management and sales website for mobile phones using Laravel.

Project functions: Assist the brand in managing the sales process and provide convenience for customers when making purchases.

Project stack: HTML, CSS, MySQL, JavaScript, Bootstrap, PHP, Laravel Position: Team Leader

Project demo/link:
